REPLICA

Replica is a frontend skill development competition organized exclusively for the FEs during SPARK to give them a chance to showcase everything they have learnt during the SPARK classes.

STATEMENT

Students must first replicate the main image provided using only HTML and CSS, as taught in the OSS Club's frontend sessions. For additional features, participants will also be provided with image as guidance. They may add additional features using CSS only. All the details will be provided through social media and Spark Website.

RULES

- Only individual participation is allowed.
- The event will start at 2100 hrs, 24 August 2025 and end at 2100 hrs, 25 August 2025.
- Any code pushed after the deadline will not be considered.
- Tech stack – HTML and CSS only.
- Use of any code editor or IDE is allowed. Popular examples are – Sublime Text 3, VS Code, etc.
- No use of AI tools is allowed.
- Deadline shall be strictly followed.
- Participants must replicate the main image exactly. Additional features (from the video or extra image) and CSS-only animations may be added for extra credit.
- Assets link: Link
- Submission Link: Link
